Hi Kerry,
Sent on behalf of Caroline Kelly

Board and Care Table of Contents

1. Community Care Licensing Resources
 - a. Board and Cares
2. Board and Cares by Service Area and Supervisorial District
3. Project 50 Overview – (Historical Information)
4. Board and Care Administration – Dr. Jay Plotzker
5. Integrated Health Pilot (Debbie Innes-Gomberg)
6. *The Current State of the Board and Care System Serving Residents Living with Mental Illness –Kelly Morrison – First Draft 12/16
7. Additional Board and Care Contact
8. Proposition H – What are the possibilities for funding for Board and Cares
9. No Place Like Home – What are the possibilities for funding for Board and Cares

Supplemental Questions for DMH

- What housing/residential pilot programs are the Department currently looking into?
- Over what period of time did the closures occur as it relates to the spread sheet?
- What does “Pending” mean? Does this relate to closing, if so, what is the timeline?
- When did the Supplemental Rates Program for Board and Cares stop; why and who was responsible for the supplemental funding?

Board and Care Research

The Mental Health Commission has been researching the issue of board and care facilities and hopes to present a white paper with specific recommendations to the Board by (hopefully) July 2017. We hope:

1. To obtain a better understanding of Board and Care facilities in Los Angeles County.
 - a. Who licenses and inspects them, what are some of the criteria for licensing, average lengths of stay, typical residents, how they are spread throughout the county, etc.
2. To understand if in fact they are closing at the rates that we have been hearing about through anecdotal sources and to look at ways to provide either alternative housing options or to help them stay in business.
3. To understand if the reimbursement differential for those with developmental disabilities (or elderly) is influencing board and care operators to switch from accepting mental health clients to other categories.
4. To learn the possibilities for funding through Measure H, Prop HHH or No Place Like Home, Whole Person Care II-Residential Funding?
5. To see if it makes sense to consider an “amnesty” for unlicensed facilities to give them time to gain licensing?
6. To ask if changes in the County’s requirements—either for additional insurance or other factors negatively impacted the ability of operators to stay in business.

Materials gathered so far:

1. Powerpoint presentation by Community Care Licensing Resources (CCLR)-Claire Matsushita and Benita Yates, Assistant Program Administrators (4-27-17)
2. CCLR list of all licensed board and care facilities-this list states location by both service area and Supervisorial District.
3. List of closed board and cares-unclear as to time frame for these.
4. List of those in which closure is “pending”—awaiting further explanation as to what exactly this means-how imminent is closure?
5. Memo by Dr. Jay Plotzker- Owner of two facilities including Villa Stanley, that gives a snapshot of what some of these facilities are like. Our hope would be to also interview or review smaller facilities as well.
6. Elder and Dependent Adult Abuse Agency Contact Information (one sheet).
7. A study of health outcomes with implementation of Integrated Health Homes (a pilot program)-co-authored by DMH’s Debbie Innes-Gomberg.
8. Draft of report authored by potential partner for the Commission, Kelly Morrison entitled The Current State of the Board and Care System Serving Residents Living with Mental Illness 12/16

Supplemental Questions for DMH

- What housing/residential pilot programs are the Department currently looking into?
- When did the Supplemental Rates Program for Board and Cares stop; why and who was responsible for the supplemental funding? Should the county or DMH reconsider this option?
- What role if any does patient’s rights have?

REIMBURSEMENT: The rate of reimbursement for mental health clients is \$33.73 per day. SSI pays \$1036.27 per month (there are a very limited beds available through SSI and CCLD does not track those beds). Incidentals are \$132 per month. For developmentally disabled clients, the funding is through regional centers and they receive a negotiated rate based on need of the client. A lot of these facilities are closing as well—in the 3rd District in particular are seeing higher rates of these closures.

DRAFT

State of California
Health and Human Services Agency
Department of Social Services

Community Care Licensing Division (CCLD)

Claire Matsushita, Assistant Program Administrator
Benita Yates, Regional Manager
Adult and Senior Care Program

Mission of CCLD

- ▶ To promote the health, safety, and quality of life of each person in community care through the administration of an effective collaborative regulatory enforcement system.

CCLD Responsibilities

- › License community care facilities that serve children, adults, and older adults
- › Routine facility inspections
- › Complaint investigation
- › Consultation to facilities on how to maintain compliance

Adult and Senior Care Facilities

- › Adult Day Programs (ADP)
- › Adult Residential Facilities (ARF)
- › Residential Care Facilities for the Chronically Ill (RCF-CI)
- › Social Rehabilitation Facilities (SRF)
- › Adult Residential Facilities for Persons with Special Health Needs (ARFPSHN)
- › Enhanced Behavioral Support Home (EBSH)
- › Crisis Community Home (CCH)
- › Residential Care Facilities for the Elderly (RCFE)

Number of Facilities in Los Angeles County

- ▶ ARFs - 1283 with bed capacity of 11,979
- ▶ RCFEs - 1343 with bed capacity of 33,911

▶ As of 4/3/2017

Adult Residential Facility (ARF)

- ▶ **"Adult Residential Facility"** means any facility of any capacity that provides 24-hour-a-day nonmedical care and supervision to the following:
 - (A) persons 18 years of age through 59 years of age; and
 - (B) persons 60 years of age and older only in accordance with Section 85068.4 (Acceptance & Retention Limitations)

Adult Residential Facility (ARF)

Community Care Facilities Act
Health & Safety Code

General Regulations

Title 22, Div. 6, Chap 1, Art 1-2 - General Licensing Requirements 80000-80012
Title 22, Div. 6, Chap 1, Art 3-4 - General Licensing Requirements 80017-80046
Title 22, Div. 6, Chap 1, Art 5-6 - General Licensing Requirements 80051-80079
Title 22, Div. 6, Chap 1, Art 7-8 - General Licensing Requirements 80085-80095

ARF Regulations
Sections 85000-85091.4

Residential Care Facility for the Elderly (RCFE)

- ▶ means a housing arrangement chosen voluntarily by the resident, the resident's guardian, conservator or other responsible person; where 75 percent of the residents are 60 years of age or older and where varying levels of care and supervision are provided, as agreed to at time of admission or as determined necessary at subsequent times of reappraisal.

What is Care & Supervision?

- ▶ "Care and Supervision" means those activities which if provided shall require the facility to be licensed. It involves assistance as needed with activities of daily living and the assumption of varying degrees of responsibility for the safety and well-being of residents.

What are Activities of Daily Living?

- Assistance in dressing, grooming, bathing and other personal hygiene
- Assistance with taking medication
- Central storing and distribution of medications
- Arrangement of and assistance with medical and dental care. This may include transportation
- Maintenance of house rules for the protection of residents
- Supervision of resident schedules and activities
- Maintenance and supervision of resident monies or property
- Monitoring food intake or special diets

Exempt Facilities from CCL Licensure

Exempt facilities

- Health Facility
- Clinic
- Homeless Shelter
- House, institution, hotel, that supplies board & room only, or room only, or board; no elements of care
- Recovery houses for persons recovering from alcoholism or drug addiction; no care or supervision provided
- Adult alcoholism or drug abuse recovery or treatment facilities*
- Care & supervision provided by a close friend-friendship pre-existed a provider/recipient relationship
- Facilities conducted by well recognized church –treatment depends on prayers and spiritual means

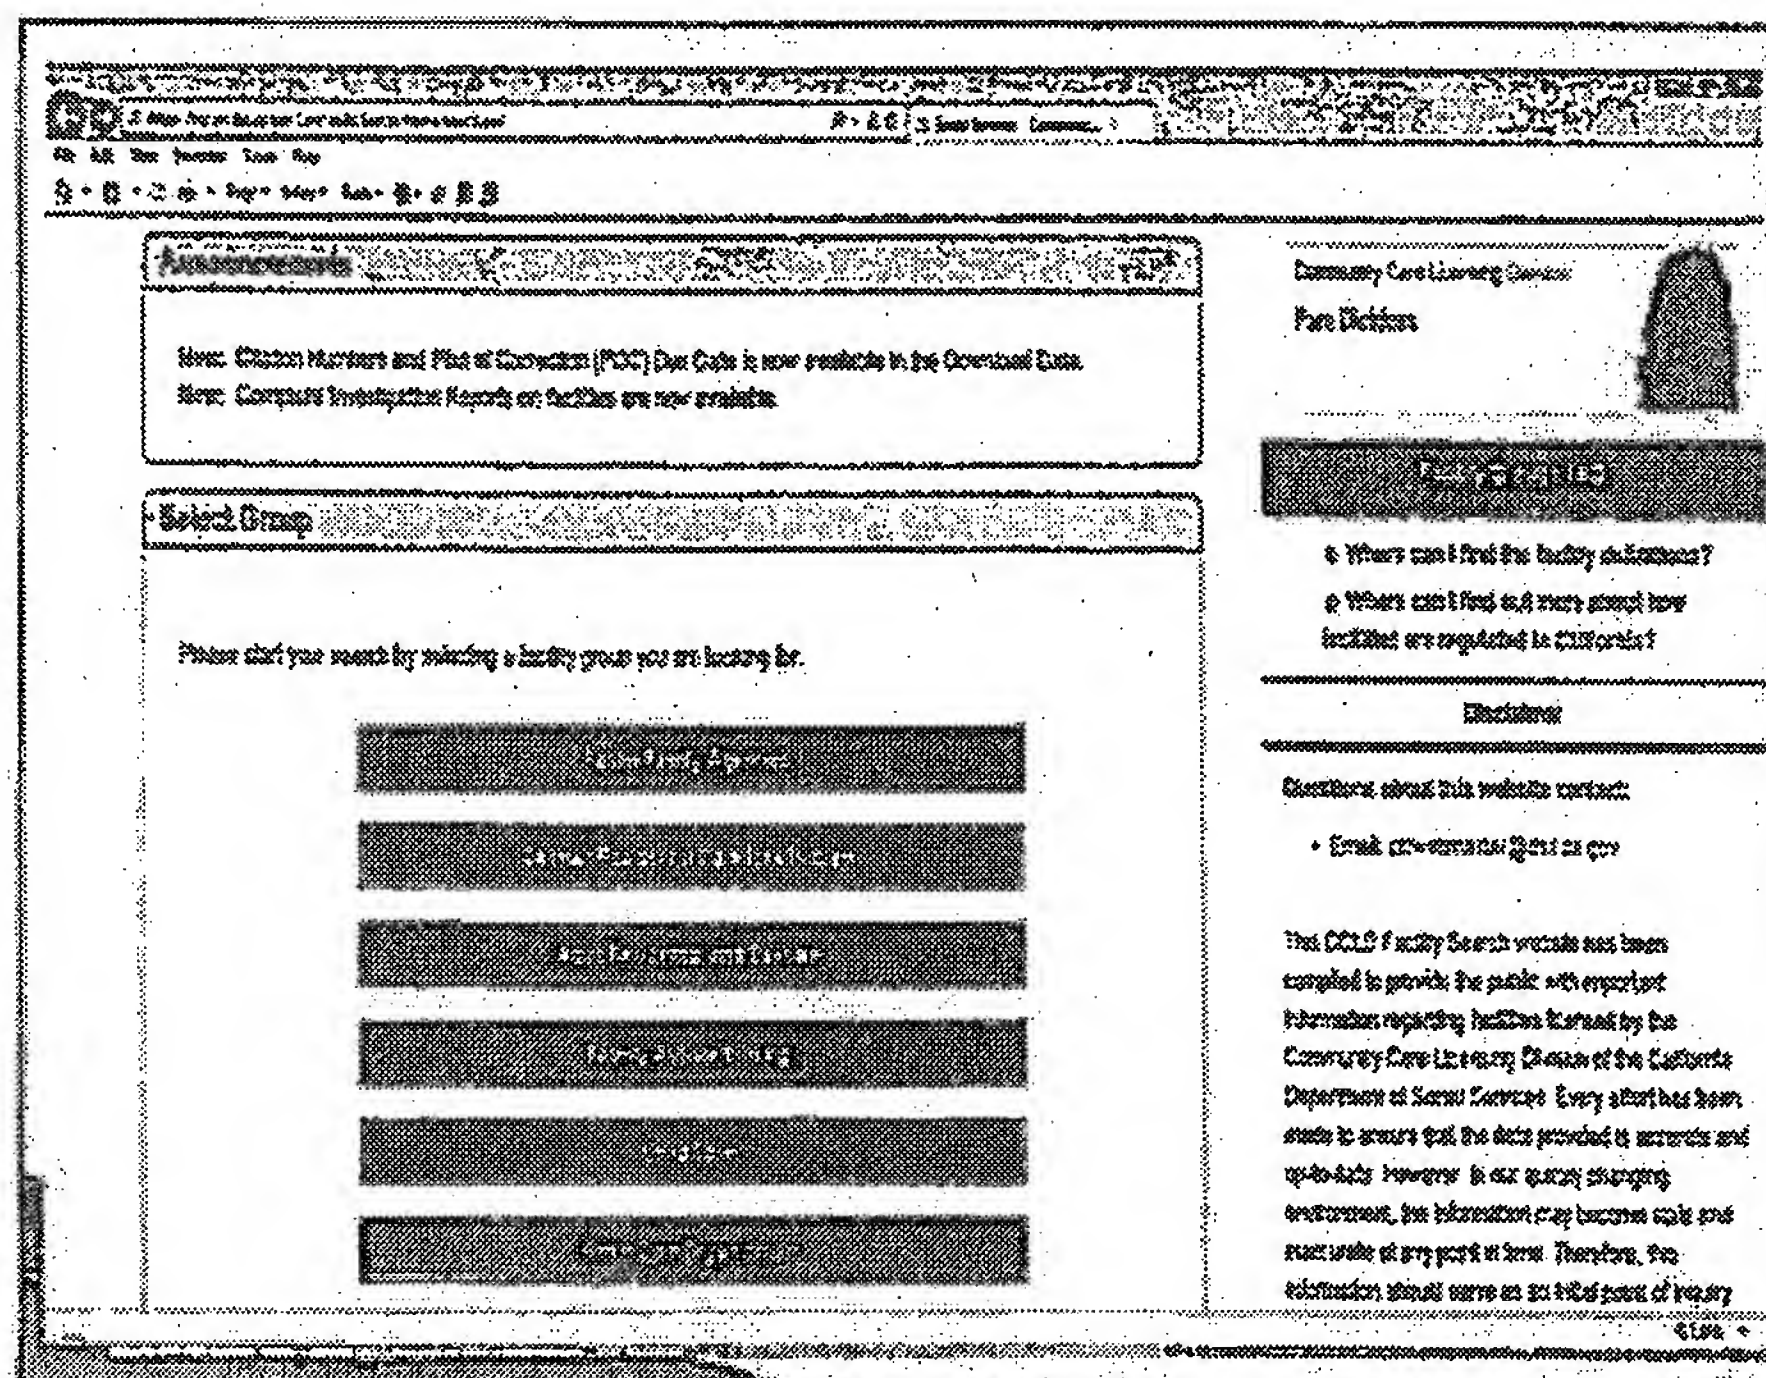

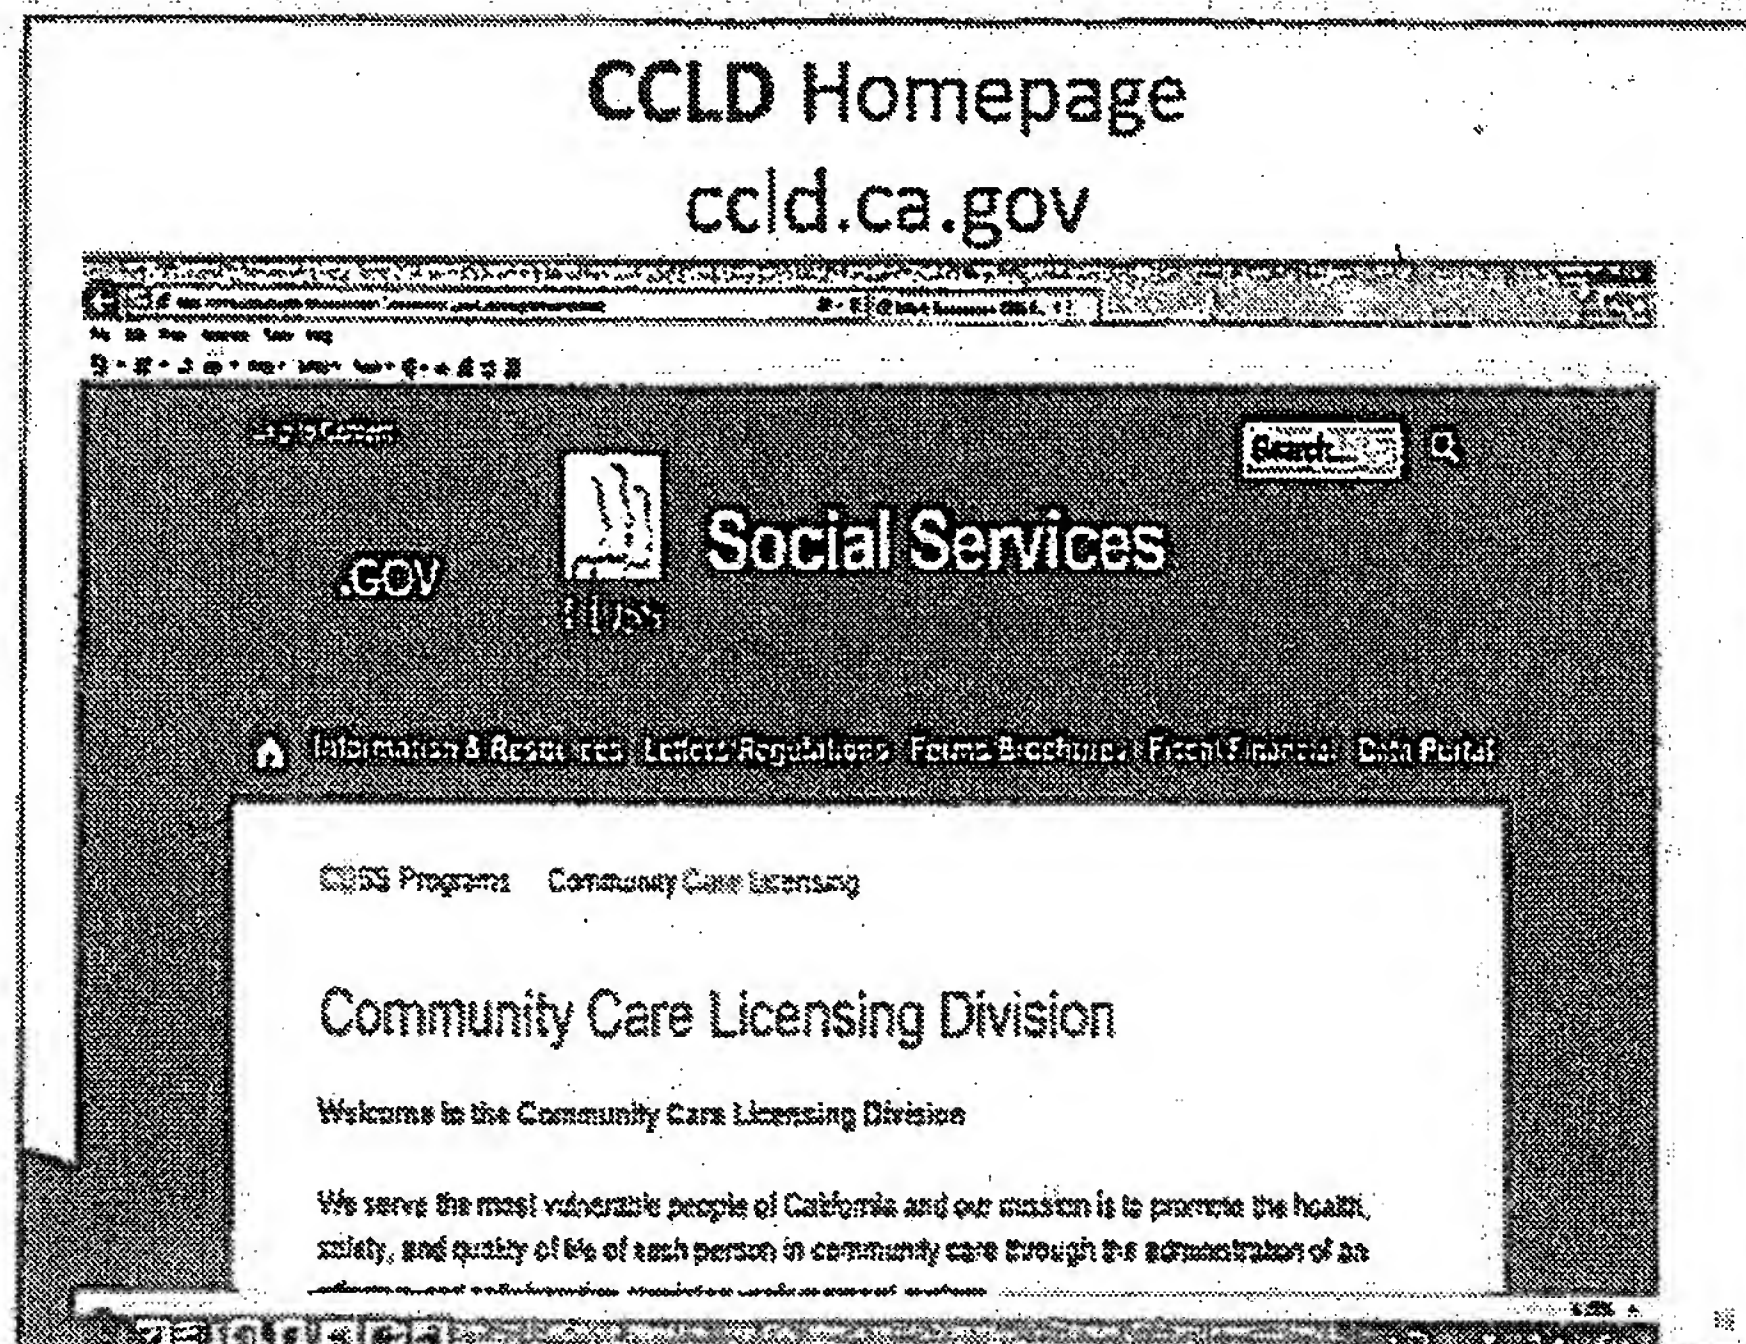

Example

- Acute Hospital
- Medical Clinic
- Union Rescue Mission
- Boarding House
- Sober Living Facilities
- Treatment facilities licensed by Dept. Of Alcohol & Drug Programs
- A family home
- Christian Scientist Facilities

CCLD Complaint Process

- › Centralized Complaint Information Bureau (CCIB) – write-up complaint when there are allegations of regulatory or statutory violations.
- › Mandate – unannounced site visit within 10 calendar days.
- › If required, cross report to local law enforcement, DPH, DHCS.
- › If needed, contact other agencies (i.e. code, fire, APS, LTCO).

4/27/2017

Elder and Dependent Adult Abuse Reporting Agency Contact Information

Adult Protective Services-Investigates allegations of abuse and neglect in community settings e.g. homes, apartments, independent living senior housing and acute hospitals.

Central Intake Phone: 877-477-3646

Reporting Portal <https://fw4.harmonyis.net/LAC55Liveintake/>

(APS no longer accepts faxed reports please utilize the web reporting portal)

Long-Term Care Ombudsman-Investigates allegations of abuse and neglect in long-term care facilities including nursing facilities, assisted living and board and care facilities throughout Los Angeles.

Central Intake Phone: 800-334-9473

Central Intake Fax: (310) 395-4090

After Hours Crisis Line: 800- 231-4024

Department of Social Services Community Care Licensing (CCL)-Regulates, licenses, and investigates violations including abuse in residential care facilities for elders and dependent adults (commonly referred to as assisted living or board and care facilities).

Central Intake Phone: 844-538-8766

Central Intake Fax: (916) 651-6668

Central Intake Email: LetUsNo@dss.ca.gov

Department of Public Health Licensing and Certification (DPH)-Regulates, licenses, and investigates violations including abuse in health facilities (skilled nursing facilities, adult day health care, and intermediate care facilities).

Central Intake Phone: (562)-345-6884

Central Intake Fax: (562) 409-5096

Attorney General's Bureau of Medi-Cal Fraud and Elder Abuse-Investigates and prosecutes Medi-Cal fraud and elder abuse primarily in skilled nursing facilities.

Central Intake Phone: 800-722-0432

Central Intake Fax: (916) 263-2565

Central Intake Email: BMFEA_INTAKE_UNIT@doj.ca.gov

LA County Elder Abuse Forensic Center- Conducts medical and neuropsychological assessments of victims of elder and dependent adult abuse and provides multidisciplinary guidance on complex cases.

Phone: (323) 226-1470

Fax: (323) 226-1476

The Current State of the Board and Care System Serving Residents Living with Mental Illness

Kerry Morrison, Stanton Fellow 2016-17

Draft 12-31-16

Statement of the Problem: Board and care homes (technically referred to as Adult Residential Facilities) represent a precious and affordable housing resource for individuals suffering from mental illness. These facilities range in size from 6 beds (in a single family home) to 100+ beds. They are operated by private homeowners, non-profits (check) or for-profit corporations. Residents also represent a continuum of need, ranging from those able to hold down a job on one end of the spectrum, to those who have been released from locked psychiatric facilities on the other end of the spectrum. Yet despite this continuum of need, the daily "rent" paid to a board and care operator in LA County is \$35.¹ This amount has not changed since _____. Operators of board and care homes are increasingly questioning the sustainability of this business model in the face of increasing costs on all fronts (increases in minimum wage, insurance costs, utility increases and accumulated deferred maintenance).

Further, given the service needs of this population, the meagre reimbursement does not provide for any type of therapeutic enrichment, community-building or case management.

The board and care system for mentally ill residents is a non-sustainable business model and does not represent a meaningful treatment environment which will contribute to a quality of life and/or prevent falling back into homelessness. Absent a corrective action, this housing resource will continue to erode.

Solution snapshot: There needs to be an infusion of resources into the board and care system to ensure its survival. Supplemental funding, above and beyond what the residents can pay through their government benefits, would provide incentives to operators to continue housing people living with mental illness. The infusion needs to be substantial enough to forestall the loss of precious beds through: (1) the closure of these facilities, (2) the sale of these properties for residential or commercial development, or (3) the conversion of these facilities to those serving other populations which offer a higher daily rental rate (e.g., \$85 – 150/day for homes for individuals with intellectual disabilities).

Three options are on the horizon to provide these supplemental resources:

- a. Reestablishment of the supplemental funding that was made available to LA County board and care facilities up until approximately eight or nine years ago when the head of county DMH Dr. Marvin Southard eliminated this program; [need the facts on this]
- b. Allocation of a portion of the "No Place Like Home" \$2B funding that will become available, representing a re-direction of funds already available through the Prop 63 Millionaire's Tax.

¹ For this reimbursement, the board and care must provide three meals a day plus two snacks, a room and bedding, laundry, a well-maintained and safe facility, money management and access to health or psychiatric care professionals.

These funds could be deployed to counteract the deferred maintenance associated with many of these facilities and serve as a source of capital investment.

- c. Tapping into a portion of the funds that would become available through Measure HHH, the LA City general obligation bond which will appear on the November city ballot;
- d. Tapping into anticipated county funds that will be raised through a tax measure that will appear on the March 2017 ballot.

Background: People living with severe mental illness account for approximately four percent of the population. With the shift away from state institutions that commenced in the last 1970's, and the lack of community-based treatment programs and facilities that were promised as an alternative, hundreds of thousands of individuals in the US suffering from mental illness have either been "reinstitutionalized" in prisons and jails, or are homeless. A relatively small percentage are housed in one of three places:

- Living at home with family
- Living in permanent supportive housing as part of the "Housing First" movement to move people experiencing homelessness from the street into a living unit
- Living in privately operated "board and care" facilities²

In Los Angeles County, where the most recent point-in-time homeless count identified 46,874 homeless people, the number of people living with mental illness far exceeds the housing options available. The 2016 demographic survey conducted by the Los Angeles Homeless Authority (LAHSA) identified that 30 percent of the homeless population suffers from mental illness. That would amount to approximately 13,000 people.

Further, the Los Angeles County jail is generally characterized as one of the largest mental institutions in the country, with over 4,000 inmates incarcerated suffering from mental illness.

With the expressed city/county goal to end chronic homelessness in LA County, which is a national objective as well, *attention must be paid to all housing options available, or in the pipeline, to house people living with mental illness.*

This fact sheet shines a light on the state of the board and care system in L.A. County, which represents a precious housing resource for people living with mental illness. The board and care system provides a residential setting for adults and provides supervision, support, protection and security in a group setting. The provider must be licensed by the Department of Health and Human Resources, Office of Health Facilities Licensure and Certification.

² In Hollywood, for example, the majority of those individuals on the Top 14 list of the most severely mentally ill have ended up in board and care homes after living in IMD or locked facilities. Because of the federal definition of chronic homelessness, if an individual has been living in an institutional setting for more than 90 days, they lose their homeless status. Therefore, these vulnerable individuals will not be eligible for permanent supportive housing projects and are relegated to the board and care system.

The board and care system is precariously resourced and prospects for the continued vitality of this system in the wake of shockingly low daily rental rates per resident (\$35) is jeopardized. The failure of this system could exacerbate the homeless situation in LA County with residents existing board and cares back into homelessness and/or board and care facilities no longer being available to accept new residents.

a. The Inventory

It is estimated that there are xx licensed board and care facilities in L.A. County serving different populations:

- X facilities with xx beds serving people suffering from mental illness
- X facilities with xx beds serving people living with intellectual disabilities
- X facilities with xx beds serving _____.

This number has [increased/decreased/stayed the same] over this period of time _____.

It is estimated that there are xx unlicensed board and care facilities in the county. An unlicensed facility will sometimes recruit residents from licensed facilities by promising them the ability to retain more of their monthly disability check. However, less services are provided.

b. The Financial Reality

With a reimbursement or rental rate of \$35/day (which amounts to about \$1,065 a month), a board and care operator is hard pressed to meet their obligations to provide the full array of services required under their licensing arrangement, with no relief in sight. (Note: LAHSA pays \$25/night for winter shelters and the deliverables associated therewith are far less robust.)

[More detail needed.]

Further, the \$127 that remains for the resident (from their social security disability check) must cover all their discretionary expenses including: clothing, transportation and travel, entertainment, cigarettes, and miscellaneous life expenses. This amounts to about \$4 a day – a challenging amount for anyone to consider. This explains why residents of board and care homes, who don't have access to supplemental funding from family or friends, may resort to panhandling to make ends meet.

What is interesting is that adult day treatment programs for individuals with mental illness receive \$80/day for each client. The client spends 5 to 8 hours in day treatment, and is returned to their living quarters where the care required is reimbursed at only \$35/day.

c. The Crisis Unfolding

Anecdotal evidence suggests that board and care operators are throwing in the towel – not because the work is not fulfilling or for lack of concern. Rather, the business model is no longer viable given the low reimbursement afforded to owners.

In one case examined (Sunland Manor) the operator laid out the rising costs associated with this 100 bed facility and questioned his ability to keep his doors open. Considering monthly rent of \$1,065, the annual rental income is \$1,278,000. These are just the core expenses, before capital improvements and maintenance, furnishings and repairs, any enrichment activities, transportation or vehicles, etc.

	monthly		
Income			
	1,065	100	1,278,000
Expenses			
rent	15000	12	180000
payroll ³	40000	12	480000
property tax	2400	12	28800
utilities	12000	12	144000
food	12000	12	144000
workers comp			40000
total			1,016,800
"Surplus"			261,200

In a second case, the 88-bed Pasa Alta Manor on Fair Oaks in Pasadena, after having operated a facility for residents with mental illness for 35 years, has begun to accept only referrals from the regional center system (adults with intellectual disabilities) because he needs to cover costs associated with remodeling his facility.⁴

³ According to facility operator, with mandated increases in minimum wage, the payroll is expected to increase to \$640,000 in four years.

⁴ According to Barbara Wilson LCSW in email dated 9-16-16.

Finally, in September, we learned of another important facility, Brentwood Manor (140 beds) which closed on October 11, 2016. These are just three among many examples documenting that the trend is moving in the wrong direction.

- 60% - 35 – 60 years old
- 20% - 60 and above
- 60% - MediCal and SSI only
- 25% - Medi-Medi – SSI and SSA
- 15% - VA

Receiving Ongoing Therapy

- 7% - Medi-Medi with PHP access
- 5% - Veterans with MHICM or DDTP program
- 15% - FSP or Inter. Funding/DMH assigned or with e.g. Didi Hirsch, etc.

Thus, a total of no more than 30% receive regular therapy.

Need for Board and Care

- Reduce homelessness
- Unburden area hospitals and MediCal budget necessary to pay for such service
- Provide quality living environment
- As per the data from CCL, too many beds are not being replaced in ARFs. (I was just told today that Harbor View in Long Beach is being closed and sold for commercial/residential development).

What is on our plate to administer?

- Daily facility and building maintenance issues

- Resident finance issues – SSA; VA; family
- Client mental health issues – emergency or not
- Regulatory concerns
- Routine business-related matters
- Neighborhood issues – residential and commercial

Major Concerns

- MONEY – for what?
- No more than 30% of residents are receiving ongoing therapy – We need to be able to increase that percentage drastically. However, there is no funding available. We need a team to support every resident – doctors, administrators, case mgrs., therapists, etc.
- No vocational training or continued education is available. They need an opportunity, especially the younger ones, to prepare for a life, not totally dependent on gov't. support.
- The board and care is paid for all its services a total (SSI basic rate) of \$1,026.37 per month. That works out to \$33.74 per day. That is an absurd amount given all that we provide to care, support and assist clients.
- We are not even keeping up with inflation.
 - a) Since 2010 the cumulative CPI (Consumer Price Index) for L.A. is 11.4%
 - b) While, since 2010 the cumulative SSI/SSP increase has only been 6.4%
 - c) Thus, we are already 5% behind. And that doesn't mean that we were being funded adequately to begin with.
 - d) Even with a modest increase of \$5.00-\$10.00 per day per resident there is much we can do. We know how to make dollars stretch and get the biggest bang for the buck.

The issues that we face are not getting easier.

- Recent and further mandated minimum wage increases – and how that impacts the cost of properly staffing an ARF as per CCL guidelines.
- Cost of food and preparation.
- Increasing cost of insurance (liability and medical) as well as Workers Comp.
- The ever increasing cost of building repairs and maintenance especially as these facilities age. (2 years ago it cost me nearly \$50,000 to update and replace our elevator – these buildings are old).

What would we do with some extra funds?

- More therapy
- More and Better activities
- More and Better food
- Nicer surroundings
- More services

To whatever extent the commission is able to influence the legislature, the governor, or any agency involved in the budget allocation process – it would be most appreciated by owners, staff, clients, residents and the larger L.A. community if you could see to it that the mentally ill are helped and subsidized just a bit more thorough the significant and vital Board and Care system.

Subject: Interest in serving on the LAC Mental Health Commission

Hi Canetana --

I am interested in serving on the LAC Mental Health Commission, and write at your request through Kerry Morrison.

I serve as the Senior Pastor of Hollywood United Methodist Church, in Supervisorial District 3. My residence is in the Eagle Rock area of Los Angeles, in the 1st Supervisorial District.

My interest in serving on the commission comes as a result of my longstanding work with the least and the lost in our community. From running an emergency food and shelter program in the 1980s to our congregation's current homeless outreach work in the heart of Hollywood, I am committed to the physical and mental well-being of all.

One of my specific areas of interest would be assisting the Commission in leading the County and the State in defining a uniform interpretation of "gravely disabled." Last April our church hosted a convening, led by Kerry Morrison, of service providers, doctors and government leaders on this very issue. For the past 16 years our congregation has cared for a gravely disabled senior citizen who lives on our corner -- we rejoiced when she was finally hospitalized last January and seemingly put on a track towards conservatorship. When the system broke down, and she was re-released to the streets in May, we have again taken up advocacy on her behalf. That said, a uniform interpretation of "gravely disabled" would have assisted us in helping her access services she desperately needs but cannot cognitively understand.

As to my background, I am one of the founding board members of Housing Works in Hollywood; in years past I served on the Los Angeles County Bring LA HOME! Blue Ribbon Panel on Ending Homelessness, and served on the board of Faith Matters – an interfaith advisory group to People Assisting the Homeless. In addition, I served on the Los Angeles County's Safe Surrender Task Force, resulting in the creation of effective public policies encouraging women to not abandon, but safely surrender, unwanted babies at local hospitals and fire stations.

I am also a former board member of The Wall/Las Memorias Project, which honored me for my work in 2014. In addition, I am a former chair of the Community Advisory Panel of the LAUSD HIV/AIDS Education and Prevention Unit.

And, from my bio:

From 1994-2005, Rev. Cooper Ledesma served the California Council of Churches, the public policy and education arm of the mainline Protestant community in California, as Board Chair and later as program staff. She directed statewide projects on interfaith relations, public/private partnerships, welfare reform implementation, and faith based child care. From 2005-2006 she worked as a project specialist at the USC Center for Religion and Civic Culture on issues relating to communities of faith and preschool for all, her strong expertise. During her tenure with the Council Kathy authored First Fruits for California's Working Poor, a study guide for congregations, about the lives and conditions of those participating in the state's CalWORKs programs.

In 2005, Kathy received the Boutilier Award for Distinguished Ecumenical Service from the Southern California Ecumenical Council.

Kathy received her A.B. degree from Occidental College and her M. Div. from the Claremont School of Theology. She was married to the Rev. Rene Ledesma for 26 years, until his death in 2014. She is the proud mother of two young adult sons, James and Joshua.

Thank you for your consideration. If I can provide further information I can be reached at revkathy@hollywoodumc.org or at 323-874-2104 ext. 201

Sincerely,

Rev. Kathy Cooper Ledesma

Hi Kerry,

HELP – I'd like to take you up on your offer to gather biographical info on each of the people you submitted for potential commission. I need brief bios by Tuesday? They can send directly to me or whatever is easier for you.

Hi Canetana, I am back! Would you like me to gather biographical information about each of the people who submitted an email back to me that they are interested? Attached is a simple chart that incorporates about what I know about each person. You could certainly follow back up with them to send you their background. I am so excited this many people expressed interest – I personally know all of them except for the two who were recommended by DMH and the council office.

Kerry

Caroline, I sent out an email to Hollywood 4WRD and I received some TERRIFIC replies. Here is a sampling:

Rev. Kathy Cooper Ledesma, pastor at Hollywood United Methodist Church – she has been very involved in this issue

Keegan Hornbeck, social worker, works with GettLove. Lives in South LA, I believe

Antquan Washington, works at the CES matcher for the Mid-Wilshire section of SPA 4, and is a pastor for Broken Hearts Ministry which is street-based work with homeless

Jackie Lawson, deputy city attorney. Lives in West LA, I believe.

Steve Seyler, former detective with Inglewood PD; security director for BID Patrol (Andrews International Security); lives in Simi Valley.

We'll talk more when I get back!

Hi Kerry,

This is an ongoing issue for us. The announcement is manually posted in a timely way to meet the requirements of the Brown Act but does not always make it to the website for posting. Here is a copy attached. The Board and Care presentation will also include a board and care owner. We will have a period of public comment immediately after the presentation and will likely move up the presentation to be sure we have plenty of time.

Looking forward to seeing you there. We will for sure continue the conversation at a later point as well.

Best,

Caroline Kelly

Hi Caroline, I am planning to attend the commission meeting this Thursday at 11 a.m.

Do you know where I might find the meeting notice or agenda on the county web page? I had alerted a couple of board/care operators about this meeting, but I wanted to forward them the agenda. Cannot seem to locate it on the commission website?

Hi Kerry,

By all means, invite anyone you think might like to be part of the Board and Care discussion. We welcome their involvement and I would be happy to follow up with them after the meeting to hear their input and concerns.

As to Project 50--one of our commissioners was around when this was done--it was a multi-department approach and wanted you to have the research so I forwarded it to you. It is nice to have background but not if it keeps people from trying new things or deciding that it is too large or expensive of a problem to try and deal with now.

Thanks again,

Caroline

Caroline, happy to attend that commission meeting and hear the report. There are some folks I have consulted as I've waded into this board and care issue during the course of my fellowship – may I invite them as well? (Some are board/care operators who are concerned for their future.) Let me know if that's okay.

With respect to Project 50 – thank you for sending that along. I am aware of the project, as that was partially an inspiration for our designation of the Top 14. However, the price tag on Project 50 was particularly daunting, and I do believe we can do this work for far, far less. That will be an interesting discussion for the subcommittee who is willing to look at how we replicate the Top 14 advocacy/case management model.

I'll look forward to seeing you on the 27th.

Kerry

Subject: Re: Board and care system

Hi Kerry,

You won't need to do any presentation at the meeting. We will have presentations on the issue of Board and Care by Mary Marx, who is with DMH, someone from the State Community Care Licensing and possibly a board and care provider. If you attend, I will introduce you as a possible partner for us on writing up the board and care white paper. We will also be having a presentation on FSP=Full Service Partnerships (programs are

designed for adults ages 26-59 who have been diagnosed with a severe mental illness and would benefit from an intensive service program.) in case you want to learn more about that.

One of our Commissioners, Herman DeBose, suggested you might be interested in reviewing the Project 50 materials, a project for identifying those most at risk of death, done a few years ago. I am including a link to those below.

Report on project 50. Also, included project overview.

[REDACTED]

I look forward to future conversations and partnerships!

Best,

Caroline Kelly

Caroline – this sounds like a marvelous idea. I am quite worried about the condition of the B/C system as I have encountered it monitoring our Top 14 friends. I've met some owners who are just barely hanging on. I am so grateful the county is looking at this, and I know that Molly took these observations quite seriously when I first shared some of these concerns with her last summer. Let me know next steps – and how I can help prepare for the 27th. Kerry

Hi Kerry,

Would you consider possibly writing this jointly? I think I can get you at least some of the statistical data from the department. We are having a presentation on the topic at our next general meeting this month-April 27th at 11am at the Hall of Administration, 7th floor. I also will be following up with one or two other people including one of Supervisor Kuehl's deputies who told me they did do a little research as well but did not get very far with it.

Let me know if this appeals to you.

Best,

Caroline Kelly

Chair, Los Angeles County Mental Health Commission

On Wed, Apr 12, 2017 at 5:45 PM, Kerry Morrison <Kerry@hollywoodbid.org> wrote:

Hi Caroline, it was an honor to have you participate in the convening last week – thank you for taking the time. We are going to send out the follow-up notes tomorrow.

You mentioned that the commission will be taking a deeper look at the state of our board and care system. Bravo. We have found that several of the most vulnerable from the Top 14 list end up in a b/c because they have no other options after spending time under treatment in a locked facility. The status of most of the board and cares that I have visited is quite worrisome – owners are barely holding on at \$35/day.

My sense is that there is a general awareness that this very precious affordable housing resource is at stake – but it does not appear that there is any good data about what the trends are (are we losing beds, gaining?)

With my Stanton Fellowship, I have been willing to hire someone to do some research to help make my case (I only have anecdotal information now) but I haven't been able to find someone who could do this research for me. Now that the commission is looking at this, perhaps county staff could take a run at this.

I've visited some board and cares – and would be happy to set up some tours if you are interested.

Here are two things I'll pass along. One is a rough draft of a white paper I started (but I need the data to make my points). The second is [a blog I wrote last summer](#).

Thank you for looking into this.
